Axion Controls Pvt. Ltd. — HR Policy Handbook

Version 3.2 · Effective 1 April 2026 · Owner: Human Resources, Bengaluru · Fictional company for training only.

1. Scope

This handbook applies to all permanent employees of Axion Controls in India. Contractors and consultants engaged through a vendor are covered only by Section 6 of this handbook. Where Section 6 says something different from other sections, Section 6 applies to contractors.

2. Leave

2.1 Earned leave: every permanent employee gets 24 days of earned leave per calendar year, credited at 2 days per month. Unused earned leave can be carried forward, up to a maximum balance of 30 days. Any balance above 30 days lapses on 31 December.

2.2 Sick leave: 12 days per calendar year. Sick leave of more than 2 continuous days needs a medical certificate. Sick leave cannot be carried forward.

2.3 Applying for leave: leave of more than 3 working days must be applied for at least 7 calendar days in advance in the HR portal. Leave during a release freeze period follows Section 5.

2.4 Public holidays: the company follows 12 public holidays per year as published by the Bengaluru office in January.

3. Work from home

3.1 Employees may work from home for up to 2 days per week with their manager's agreement. Work from home is not allowed on days when the employee is scheduled for a customer site visit, plant commissioning or a factory acceptance test (FAT).

3.2 The company provides a laptop and a headset. Internet costs are reimbursed up to INR 1,000 per month on submission of the bill.

4. Travel

4.1 Mode of travel: for domestic journeys longer than 500 km, employees may book economy class air travel. For shorter journeys, AC 2-tier train or a company-approved cab is used.

4.2 Hotel limits per night (including taxes) depend on the city category:

City category	Cities	Hotel limit per night
Metro	Bengaluru, Mumbai, Delhi NCR, Chennai, Hyderabad, Kolkata	INR 6,500
Tier-2	Pune, Ahmedabad, Vadodara, Nagpur, Coimbatore	INR 4,500
Others	All other locations	INR 3,000

4.3 Daily allowance for food and local travel is INR 1,200 per day on outstation travel.

4.4 Travel on a Saturday, Sunday or public holiday needs written approval from the reporting manager before the journey. Such days can be compensated with one day of compensatory off, to be used within 60 days.

4.5 Expense claims must be submitted in the expense tool within 15 days of returning. Claims submitted later need approval from the department head.

5. Release freeze periods

5.1 For engineering, test and DevOps staff, the two weeks before a major firmware release (for example AX900 or VectorDrive releases) are a release freeze period.

5.2 During a release freeze period, leave of more than 2 working days needs approval from the Engineering Director, in addition to the reporting manager. Sick leave is not affected by this rule.

6. Contractors and consultants

6.1 Contractors are not eligible for earned leave or sick leave under Section 2. Their leave is governed by their vendor contract.

6.2 Contractors can claim travel only if travel is included in their Statement of Work (SOW) and the trip is pre-approved by the Axion project manager.

6.3 When travel is allowed, contractors are reimbursed at the Tier-2 hotel limit in every city, whatever the city category in Section 4.2. The daily allowance for contractors is INR 900 per day.

6.4 Contractors may work from home only if their SOW allows it.

7. Contact

For questions on this handbook, write to the HR helpdesk at hr-helpdesk@axion.example or call extension 4400. This handbook is reviewed every year in March.
